AMENDMENT

Commissioner for Patents  
P.O. Box 1450  
Alexandria, Virginia 22313-1450

Sir:

In response to the Office Action mailed May 17, 2005,  
please amend the above-identified patent application as  
indicated below.

Amendments to the claims are reflected in the listing  
of claims which begins on page 2 of this paper.

Remarks begin on page 8 of this paper.

The Response to Arguments on page 3 of the Office Action alleges that Applicant states that the use of a coating of antivibration material is new. Applicants made no such assertion. The broad use of antivibration material is not new. What is new is the particular claimed combination of a curved wall, ribs, and antivibration material that provides superior object-holding ability along with superior antivibration.

This application is now believed to be in condition for allowance.

The Commissioner is hereby authorized to charge to Deposit Account No. 50-1165 any fees under 37 C.F.R. §§ 1.16 and 1.17 that may be required by this paper and to credit any overpayment to that Account. If any extension of time is required in connection with the filing of this paper and has not been requested separately, such extension is hereby requested.

Respectfully submitted,

NHS:kss
